1. The East German Government Hospital (Regierungs Krankenhaus) is located in Berlin-Mitte, Scharnhorststr., next to the Supreme Court and the Ministry of Health. It contains approximately 100 rooms, mostly individual. In Station II, where top-level functionaries are cared for, each room usually also has an anteroom. 25X1
2. Twelve physicians and an unknown number of nurses are employed in the hospital.

3. Admission to the hospital is only possible with the permission of the SED Central Committee. The hospital admits the highest functionaries of the SED, of the mass organizations, of the government, and of the KVP. If these functionaries have bodyguards, arrangements are also made to admit the bodyguard.

6. All leading functionaries of Party, mass organizations, and government must present themselves every six months at the hospital for physical examinations. This includes members of the SED Politburo and Secretariat.
7. Occasionally the small KVP and Sfs guard complement is increased markedly. It is not known why these increased precautions are taken.
